

**ALPINE**

CAPITAL BANK

---

## Press Release

### **Alpine Capital Bank Welcomes Guest Speaker David Cutler, Ph.D.**

NEW YORK, January 7, 2011—Alpine Capital Bank, a New York commercial bank specializing in serving high net worth individuals, will host a cocktail reception with a special presentation by guest lecturer David Cutler, Ph.D. on January 13, 2011. Currently the Otto Eckstein Professor of Applied Economics at Harvard University, Professor Cutler plans to discuss the future of health care in America. Professor Cutler has earned significant academic and public acclaim for his work in health and public economics, and is the author of *Your Money or Your Life: Strong Medicine for America's Health Care System*, published in 2004 by Oxford University Press.

In the wake of recent health care reform passed in 2010 and a potential universal health care proposal pending in Congress, Professor Cutler's presentation should provoke meaningful dialogue and debate amongst ACB clients. David M. Aboodi, President & CEO of Alpine Capital Bank, shared his enthusiasm for the upcoming event: "We feel privileged to have the opportunity for Professor Cutler to speak to members of the Alpine community. I hope that his presentation provides clarity to this complex, multi-faceted issue."

#### **About Alpine Capital Bank**
